

REMARKS

This Response is responsive to the Notice of Non-Compliant Amendment mailed April 19, 2004 (the "Notice"). In the Notice, the Examiner found the Amendments to the Claims to be non-compliant as the Listing of the Claims did not include the text for previously withdrawn claims. The Examiner also found the Amendments to the Specification to be non-compliant for containing a clean version in addition to the marked paragraph. Applicants have corrected the sections of non-compliant amendment, including the entire Amendments to the Claims.

CONCLUSION

Applicants respectfully assert that claims 1-21 and 80-121 are allowable. While Applicants believe that no additional fees are necessary, authorization is hereby given to charge any additional required fees to Deposit Account No. 50-0581.

Respectfully submitted this 19th day of May 2004.
